

2003 Embraer Legacy 600

Description

The **Embraer Legacy 600** is a business jet derivative of the Embraer ERJ family of commercial jet aircraft.

The Legacy 600 (market designation adopted after 2005) is based on the ERJ-135 model. It was launched in 2000 at the Farnborough Airshow as the "Legacy 2000". The Legacy carries 13 passengers in three partitioned sections for 3,050 nautical miles (5,650 km; 3,510 mi) or 8 passengers for 3,450 nautical miles (6,390 km; 3,970 mi). It features added range via extra fuel tanks in the tail behind the baggage compartment and forward of the wing, winglets, and an extensive drag reduction program. It is certified to 41,000 feet (12,000 m) altitude versus 37,000 feet (11,000 m) for the airline configuration. The Legacy Shuttle can seat 19 to 37 in airline-style seats but without the range.

Highlights

- Operated as Part 135, with FDR/CVR
- Airframe, Engines & APU Enrolled on Programs
- Delivered in 2003

Airframe

Total Hours Since New	5,060
Total Landings Since New	2,775
EEC Standard	

Engines

2 Rolls Royce AE3007 A1E		
	Engine #1	Engine #2
Total Hours Since New	4,135	4,135
Enrolled On	JSSI Programs	

APU

Hamilton Sundstrand APS 500R T62-T-40 C14	
Total Hours Since New	4,520
Enrolled on	JSSI Programs

Interior

Configuration	Thirteen (13) Passengers
Fwd Cabin	Four (4) Single Club Seats

- Dual-channel XM satellite radio

Galley Equipment

- Microwave Oven
- Espresso Coffee Machine
- Refrigerator
- Water Heater System
- Ice Drawer and drain system

Avionics

Honeywell Primus 1000

ADF	Dual Autopilot CAT II Capable
Communication Radios	Dual w/8.33 kHz spacing ADS-B Out
CVR	SSCVR
DME	Dual
EFIS	Honeywell Primus 1000 IFCS 5-tube 8x7-inch
FDR	SSFDR
Flight Director:	Honeywell Primus 1000 IFCS
FMS	Dual Honeywell FMS w/dual GPS
Hi Frequency:	Dual w/SELCAL
IRS	Dual IRS
Navigation Radios:	Dual
Radar Altimeter:	Yes
EGPWS	w/windshear detection & escape guidance
TCAS	TCAS-2000 w/change 7.1
Transponder	Dual Mode S
